DESIGN ENGINEERING FABRICATION INSTALLATION

DHE Inc. Provides Plant Retrofits and New Installations

Original Aggregate Storage Bin

Twin Shaft Mixers - 4, 6, and 8 Yard for Roller Compacted Concrete (RCC) Ring Pan Mixers - 1/2, 1, 2, 3 and 4 Yard mixers for Pre-cast Concrete with optional High Speed Counter Turning Agitators

PEARSON PORTABLE HOT AND CHILLED WATER SYSTEMS

Pearson Hot and Cold Water systems manufactures portable and stationary systems capable of handling over 2,000 yards of concrete per day. The hot/cold water tank can be configured for a Pearson Direct Fire heater with a efficiency rating of 96%. The wool insulated tanks are manufactured on steel skids or trailer which provides a quick installation for existing plant retrofits. The portable or stationary chillers use the latest refrigeration systems from Carrier for a high efficient chiller system.
