DESIGN

ENGINEERING

FABRICATION

INSTALLATION

DHE Inc. Provides Plant Retrofits and New Installations

NEW RAPID Mixers
 Twin Shaft, Pan and Planetary

Twin Shaft Mixers - 4, 6, and 8 Yard for Roller Compacted Concrete (RCC)
 Pan and Planetary Mixers - 1/2, 1, 2, 3 and 4 Yard mixers for Pre-cast Concrete

PEARSON PORTABLE HOT AND CHILLED WATER SYSTEMS

Pearson Hot and Cold Water systems manufactures portable and stationary systems capable of handling over 2,000 yards of concrete per

day. The hot/cold water tank can be configured for a Pearson Direct Fire heater with a efficiency rating of 96%. The wool insulated tanks are manufactured on steel skids or trailer which provides a quick installation for existing plant retrofits. The portable or stationary chillers use the latest refrigeration systems from Carrier for a high efficient chiller system.

two new site installations * moisture meters * dust collectors * cement screws and valves * concrete reclaimers

 Variable RPM Drum Speed
 Remote Control 612T Track
 84 HP Yanmar Tier III Engine
 Unique Large Engine Compartment
 4.5 Cubic Yard Open Ended Hopper
 16 Hour 70 Gallon Fuel Tank
 Baffled 70 Gallon Hydraulic Tank
 USA Sourced Grade 80 Steel Uni-body Frame
 American Made in Columbus Ohio with American Made Labor and Materials

Screen Machine Indust. Advantages

1. Structural Strength Extensive gussets and pads utilizing Grade 80 and T-1 Steel.
2. Engines - Plenty of horsepower utilizing CAT, Yanmar and Cummins.
3. Domestic Hydraulic Hoses and Fittings.
4. Dodge, Falk, Rexnord and Browning Bearings and Reducers.
5. Innovation in design.
6. Serviceability All products are engineered for service accessibility.
7. Availability of Parts and Service. Local, Regional, and Factory support.
8. History and Reputation of being in business since 1966.
9. American Made using American Steel.
10. Value - SMI equipment is built for the long term.
