

Astec Technical Schools: RexCon Concrete Equipment

We succeed by helping you succeed. That's why we strive to keep our concrete schools on the leading edge. At RexCon's customer training school you'll receive instruction from leading professionals in the industry.

This year's training will be divided into two parts: Mechanical Training and Controls Training. You can register for one or the other or both. Facility tours will be offered only during the Mechanical Training.

Dates and Cost:

Each Training session lasts 1.5 days.

Mechanical Training: February 17-18, 2026 (\$1000 per attendee)

Controls Training: February 18-19, 2026 (\$1000 per attendee)

*\$1500 per attendee to register for both training courses.

Topics Covered

Mechanical Training

- Plant components and general maintenance
- Tilt mixers alignment
- Gearboxes and Hydraulic packs
- Conveyors
- Oiling and adjusting rollers
- Outside vendors to discuss their products
- Electrical troubleshooting and general schematic understanding

Controls Training

- Basic and advanced operation
- Dynamic moisture control
- Adjusting freefalls and jogs
- Bin mapping
- Reports
